

NOW ENABLE GIFTED EDUCATION IN YOUR SCHOOL with ADVANCED LEARNING CENTER (ALC)

Rolled out at 18 schools across India so far, and 10 more opening soon, NIAS Advanced Learning Centers have become a favourite learning environment for hundreds of students who possess an extraordinary appetite for learning beyond their regular curriculum. ALCs are specially designed to provide early mentorship for such children.

Since 2017, students selected through a rigorous gifted learner identification protocol developed at National Institute of Advanced Studies - Education for the Gifted and Talented, from Vidyashilp Academy, Silver Oaks, Army Public Schools, National Public Schools, NAFL, Global Indian, Orchids, Deens, Sri Sri, and several other schools have participated in the programme at NIAS. Now, select schools run by visionary educationists are invited to set up ALCs right in their premises, and nurture the community of their gifted learners.
